(e) Specific Types of Services in Region: Water 1st provides grants to a NGO based in Ethiopia in order to support the implementation of projects that include provision of convenient, safe water, hygiene education, and sanitary latrines. In 2012, the large Tutekunche project was completed and now serves 2,316 people. Water First continued funding on another project in the neighboring kebele of Gonbisa Kussaye. This project benefitting 1,800 people is expected to be completed in 2013.

Region: India

(e) Specific Types of Services in Region: Water 1st has provided grants to a NGO based in West Bengal, India in order to support the implementation of projects that include provision of convenient, safe water, hygiene education, & sanitary toilets. In Water 1st's India program, which serves subsistence fishing communities in rural West Bengal, beneficiaries pay 40 % of the capital costs of their water supply & sanitation projects through a 4-year revolving loan fund. In 2011, Water 1st decided not to fund the construction of new projects through our partner in the Sundarbans. However, our loan program continues & new water points and toilets are being constructed using revolving loan funds. We believe the existing projects are well-built & will be maintained in the future. We will continue to monitor the status of those existing projects & evaluate our options for the future. Our decision to end funding was based upon our conclusion that the program was at capacity & was not likely to evolve further through our participation
